SECURING TEXAS

Securing our Border, Limiting Immigration, and Halting the March of Islam

Throughout his career, Chip has defeated amnesty, prosecuted illegal aliens in court, litigated to stop DACA & abuse of refugee settlement, and fought both illegal & expansive legal immigration. Chip began the conversation in Congress about the incompatibility of Islam with Western Civilization.

Leading the charge to stop the march of Islam. Chip started the conversation on the seriousness of Islam two years ago. He authored bills to strip CAIR of its 501c3 tax status due to terrorist ties; vet immigrants for adherence to Sharia Law; and pause (PAUSE Act) immigration entirely. He co-founded the Sharia Free America Caucus.

- Result: Started a national conversation and now everyone is talking about Sharia law in TX.
- Result: Governor Abbott signed an EO designating CAIR as a terrorist organization.
- Result: The TX House started a state Sharia Free Caucus

Authored & negotiated the Texas Border Plan & helped pass historic “H.R.2”

- Result: Led the entire TX Delegation to sign on, creating a shield against bad amnesty bills and showing we would not consider a bill that does not secure the border first.
- Result: H.R.2 – first border security-only bill passed the House, showing GOP stands with law enforcement, CBP, & ICE & shifted the debate away from bad amnesty bills.

Led Designation of Cartels as Foreign Terrorist Organizations. Chip was the first to call for designating Mexican Drug Cartels as Foreign Terrorists Organizations, first introduced in 2019.

- Result: President Trump issued an executive order with similar terms in January 2025.
- Result: Governor Greg Abbott also issued an EO to do this in 2022.

Led Effort to Impeach Mayorkas. Was the first to call for impeaching DHS Secretary Mayorkas and in October 2021 wrote the “Case for Impeaching Mayorkas”

- Result: The House voted to impeach Mayorkas in February 2024

Got the SUE Act passed. Co-led the SUE Act to strengthen state standing to sue the federal government for failing to enforce immigration law & led getting it passed.

- Result: The Laken Riley Act, was signed into law by President Trump containing the most important part – the SUE for Immigration Enforcement Act (Sue Act).

Fought to End Flawed “Birthright Citizenship.” Chip has led the call to end flawed “Birthright Citizenship” policy, co-authored the most well-regarded amicus brief for the recent SCOTUS Case on the issue, and led a letter highlighting the insanity of birth tourism and danger it creates by empowering our adversaries (China). Chip also led hearings as Chairman of the Constitution Subcommittee.

- Result: President Trump’s Solicitor General quoted Chip’s work in oral arguments at the Supreme Court & we’ve set the fight no matter the Court’s ruling.

SECURING OUR ELECTIONS

Restoring our Election Integrity and preventing non-citizens from voting

A target of the “Arctic Frost” abuse due to his steadfast work, Chip has led the fight on election integrity – from the SAVE Act, to testifying in the Texas Legislature, and supporting closed primaries in Texas.

Authored the SAVE Act (Citizen Voting) & the SAVE America Act (added Voter ID)

- Result: The bill passed the House TWICE - once in the 118th Congress and once in the 119th
- Result: The bill passed the House and set up the fight to reform the “filibuster” in the Senate. The bill is President Trump’s “favorite piece of legislation” and has been a rally cry for the entirety of the GOP.

DEFENDING TEXAS PROSPERITY

Taking on the Corporatists, Big Healthcare, and the Green New Scam

Chip has led the fight to protect Texans from corporate board rooms buying up Texas, deliver Energy Freedom by fighting dangerous “green new scam” subsidies, and as a cancer survivor, fighting big Pharma, big insurance, & monopoly hospitals from taking away choice and freedom for Texans.

Wrote the “Case for Healthcare Freedom” & introduced his “Healthcare Freedom Act” which reset the healthcare conversation not on “coverage” but on care, laying out why big insurance is the problem, and why direct access to care and health savings accounts give people the power to lower costs.

- Result: Passed “Big Beautiful Bill” with healthcare freedom including HSA to compatibility with Direct Primary Care - a pillar of the case for HC Freedom. President Trump has echoed the call, saying the money must go directly to the people instead of insurance companies.

Demanded the repeal of bogus Green New Scam tax credits. Co-lead the bill and initiative to repeal the Biden-era tax credits.

- Result: Got half of the Green New Scam tax credits repealed in the Big Beautiful Bill, and was able to get this done by being willing to block the bill from passing without the cuts.
- *Political Attack: A PAC out of California is running at least \$1.5m in ads against Chip for it.*

LEADING ON CONSERVATISM

Empowering Conservatives, Cutting Spending, and Reforming the U.S. House

Chip worked with “the 20” freedom caucus patriots to end the backroom deals that defined the House and to empower conservatives to have a voice for the average American.

Helped lead the “Speaker’s Fight” to empower conservatives in the House and realign power so that we can deliver results and end back-room deals.

- Result: Got conservatives on the House Rules Committee, House Appropriations Committee, and a seat at the “leadership table”.
- Result: Forced votes on conservative amendments that were historically ignored and passed more conservative legislation - blocking rules (and therefore floor action) to force change.
- Result: Held spending flat, & passed critical bills such as H.R.2, the Big Beautiful Bill, & the SUE Act.

Led first & strongest call bill to ban Congressional Stock Trading - Authored first legislation to ban Members of Congress from trading stocks.

- Result: Became a nationally known issue and the House has been considering legislation to do just this - receiving a markup thus far and slated for floor activity.

Authored key memo to “Defund Tyranny” which created a menu of options useful for DOGE and informed key leaders in the Trump Office of Management and Budget:

- Result: DOGE and the Trump Administration were able to come in and start cutting/closing insane federal spending and programs (such as USAID).

PROTECTING TEXANS

Protecting against Criminals, Government Spying, and the Draft of our Daughters

Chip defended police officers when they were attacked, fought to reform FISA and tyrannical government spying, and as a freshman member of Congress, led the fight to stop the effort to draft our daughters.

Fought to stop Government spying under FISA and other weaponized powers

- Result: Got FISA reforms adopted to significantly reduce queries on Americans and a forced vote on warrants (a fight we are continuing as we speak).

Chip fought attacks against police officers and fought for tough-on-crime legislation, including his recent federal “3 Strikes and Your Out bill.”

- Result: We killed efforts to put cops in legal jeopardy and brought public defenses to police officers in Austin, San Antonio, and nationally.

Chip led the fight to stop the “draft our daughters” agenda cold in Congress – exemplified by numerous media appearances and his dear colleague warning the House and Senate

- Result: As long as Chip and his colleagues are in Congress, our daughters will never be drafted and any chance of that is DOA - it hasn’t come back up since for serious consideration.

DEFENDING TEXAS' INTERESTS

Defending Texans from the Globalists and the COVID Scam

Chip has led the fight against the globalist agenda & organizations, as well as the tyrannical COVID shutdown, the “mandatory” shots, and the bankrupting of American businesses.

Fought masks, fought to re-open Texas & America, authored a bill strip liability protections for COVID shots, & authored legislation to fix the Paycheck Protection Program

- Result: The PPP fix was passed nearly unanimously and real Texas small businesses and restaurants were able to actually access PPP funds during COVID.

Led effort to Protect Texas Land. Chip was the first to introduce legislation - federal or state - on banning foreign (incl. Chinese) ownership of Texas land and did so in 2021.

- Result: States (incl. TX) took up the idea, introducing & passing state level bans.
- Results: President Trump took Executive Action to secure lands near U.S. military bases.

Led legislation to defund the World Health Organization & it's COVID scam policies

- Result: President Trump pulled the U.S. out of the WHO in his second term.

Led efforts & bills to defund the UN, the UN population fund, & UNWRA (funds Hamas)

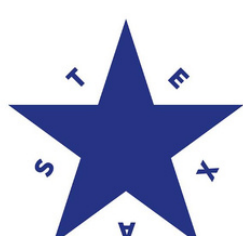

- Result: President Trump stopped funding the UNPF in his second term.
- Result: President Trump stopped funding UNRWA in his second term.

Led and passed legislation to sanction the International Criminal Court

- Result: This bill passed the House in January 2025.
- Result: President Trump signed an EO to sanction the ICC in his second term.

Chip led the legislation to repeal the 1991 and 2002 Authorizations for Military Force

- Result: Both the 1991 and the 2002 AUMFs repeals were included in the 2026 NDAA.
